

BRUCHA - METAL PANELS, COLD STORAGE AND EPS INSULATION BOARDS

Contact Person: Mr. Roman Graf
 M +1 720 419 9691
 E r.graf@brucha.com
 W www.brucha.com/en

BRUCHA offers panels for the construction of cold and freezer warehouses as well as large-scale industrial and agricultural buildings. The BRUCHAPaneel construction system gives customers the highest degree of planning freedom and the widest choice of colour schemes, 15 insulation thicknesses and six different surface profiles, all offering optimal thermal insulation, precision, durability and architectural possibilities. BRUCHA also produced and installed 2,500 m² of sandwich panels for the roof of the new Accra airport terminal, made of painted aluminium sheets and polyurethane foam insulation.

© Julius Blum GmbH

Julius Blum is a family business which operates worldwide and specializes in the production of furniture fittings. The main product groups are lift, hinge and runner systems for furniture, principally in kitchens. Mr. Julius Blum started his business in 1952 making horseshoe studs. Today, the company supplies innovative functional fittings to customers in more than 120 countries. Julius Blum has eight factories in Austria, production sites in Poland, Brazil and the USA and is seeking joiners, kitchen & furniture manufacturers and interior designers!

KE KELIT - CUTTING EDGE TECHNOLOGY FOR WATER PIPES

Contact Person: Mr. Christian Neuhold
M +234 811 294 2025
E c.neuhold@kekelit.com
W https://www.kekelit.com/en_int

KE KELIT GmbH is a medium-sized company in Linz (Austria) which has been developing, manufacturing and selling plastic and metal pipe systems, insulation and pre-insulated piping for 70 years. Since its beginning the company has always been privately owned by the Egger family. Over 230 patents and registered designs are clear evidence of the product development skills at our company.

©KE KELIT GmbH

The product names that have been introduced to the market are registered world-wide and have often become synonyms for specialised pipe systems. Quality pipe systems have been manufactured for decades, according to our production techniques, using the latest plastic production machinery and technology.

KRONOSPAN - WORLD'S LEADING MANUFACTURER OF WOOD-BASED PANELS

Contact Person: Ms. Uzo Obi
M +234 706 201 2940

MAYR-MELNHOF HOLZ - THE NATURAL CHOICE FOR YOUR TIMBER CONSTRUCTION PROJECT

Contact Person: Mr. Dani Akl
M +49 1511 930 4415
E Dani.Akl@mm-holz.com
W <https://www.mm-holz.com/>

Mayr-Melnhof Holz is one of the leading timber-processing companies in Europe, a major producer of glued laminated timber, and a driving force in the advance of cross-laminated timber, the building material of the future.

Mayr-Melnhof Holz is further promoting their HT 20plus formwork beams and K1 yellowplan three-ply formwork panels. With Glulam and CLT becoming ever more widely used in building projects worldwide – including the Middle East & Africa – Mayr-Melnhof Holz is looking forward to catching up with companies interested in the use of engineered wood products.
